Janus Henderson VIT Global Technology and Innovation Portfolio — Service Shares

Investment Strategy from investment's prospectus

The investment seeks long-term growth of capital. The fund pursues its investment objective by investing, under normal circumstances, at least 80% of its net assets (plus any borrowings for investment purposes) in securities of companies that the portfolio managers believe will benefit significantly from advances or improvements in technology. The fund may invest in a single country. It may have significant exposure to emerging markets. The fund may also invest in U.S. and foreign debt securities.

Past name: Janus Henderson VIT Global Tech Svc.

Category Description: Technology

Technology portfolios buy high-tech businesses. Most concentrate on computer, semiconductor, software, networking, and Internet stocks. A few also buy medical-device and biotechnology stocks, and some concentrate on a single technology industry.

Volatility Analysis

In the past, this investment has shown a wide range of price fluctuations relative to other investments. This investment may experience significant price increases in favorable markets or undergo large price declines in adverse markets. Some of this risk may be offset by owning other investments that follow different investment strategies.
