

Release Date: 12-31-2022

Vanguard VIF Capital Growth Portfolio

Investment Strategy from investment's prospectus

The investment seeks to provide long-term capital appreciation. The Portfolio invests in stocks considered to have above-average earnings growth potential that is not reflected in their current market prices. It consists predominantly of large- and mid-capitalization stocks.

Category Description: Large Blend

Large-blend funds have portfolios that are fairly representative of the overall U.S. stock market in size, growth rates, and price. They tend to invest across the spectrum of U.S. industries, and owing to their broad exposure, the portfolios' returns are often similar to those of the S&P 500 Index.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
